WINNIPEG, March 23.

Oxford won the great boat race.
Boston, liberal, has been elected in South Middlesex.

The government has refused aid to the Manitoba Northwestern railway.

The Caron charges are being discussed in the house. A vote is expected to-day.

Three hundred and forty-seven Russian prisoners perished in a recent storm in Siberia.

Thos. McGreevey's trial is postponed until the fall assizes. Crown witnesses have been spirited away.

Reported that Tupper may resign the High Commissionership as a result of the failure of parliament to ratify the French treaty.

The remains of the late chief factor Belanger of Cumberland, who was drowned at Norway house last fall were interred at St. Boniface, on Wednesday.

The Thompson cabinet had a narrow escape from defeat on Tuesday night on a motion introduced censuring Clark Wallace for saying to orangemen in Kingston that the Canadian brethren would assist Ulster in resisting home rule. Strong speeches were made denouncing the expression as treasonable. The government made the motion one of want of confidence, and after an acrimonious debate a division gave the government a majority of only 31. There is talk of Curran and Costigan resigning.

LOCAL.

TRAIN left Calgary on time to-day.

W. H. CUSHING, of Calgary came in on Monday's train.

MRS. W. T. Henry arrived from Calgary on Monday's train.

FRESH butter and eggs are coming in more freely at 30c per pound and 30c per dozen.

INSR. McDONNELL arrived from Regina on Monday's train. He went to Fort Saskatchewan.

W. WILKIE of Wilkie & Dickson, real estate, agents, returned from Winnipeg on Monday's train.

R. HOCKLEY, barber, is fitting up a first-class bath room in connection with his establishment.

WM. EASTON is preparing to erect a dwelling 18x30, story and a half high on the McDougall estate.

MRS. PIERCY will leave for Ontario on Tuesday's train, and is selling off her effects by auction on Monday.

A LUMBERER mail than usual arrived on Monday's train, as Thursday's train of last week brought no eastern mail.

G. W. HICKLOP, manager of the H. B. store Edmonton, returned from a purchasing trip to Winnipeg on Monday's train.

BAPTIST church services next Sunday at South Edmonton Methodist church at 11 o'clock and at Robertson's Hall at 7 o'clock. Sunday School at usual time.

W. H. WHITE, Fort Saskatchewan is erecting a blacksmith shop 24x30, story and a half, on the Lang estate, and will carry on business there himself.

F. A. OSBORNE is opening a lumber yard at his shop near the post office. A car load of British Columbia lumber arrived for him on Saturday's train.

ROSS BROS. are removing from their present stand to their larger building, corner Fraser Avenue and Main street, until now occupied by the H. B. Co.

THE Willing Workers of the church of England are holding a bazaar to-day at Robertson's Hall. Tea at 6 o'clock, and music during the evening and "The Mystery."

ST. JOACHIM separate Catholic school, Edmonton, and St. Albert Catholic public school sent exhibits of school work to form part of the Northwest exhibit at the World's fair.

THE town council held a short meeting last night and adjourned until this evening without transacting any important business, except to appoint James McDonald fire inspector.

REPORTED that the present North Alberta judicial district is to be divided at next session of parliament at some point between Innisfail and Red Deer, with a judge for the northern portion resident at Edmonton.

A. H. RUMBALL, late license inspector for license district No. 8, left for Winnipeg on Tuesday's train with his wife and family. Mr. Rumball has secured a position in connection with the Winnipeg Industrial exhibition.

MR. MORTIMER, of panorama fame, arrived from Victoria, B. C., on Thursday last. The past winter was the most severe ever known in Victoria, but before he left the snow had gone, birds were singing and growth commencing.

CHUCKE GEE, the pioneer Chinaman in Edmonton, left for the Flourey land on Tuesday's train, having made his pile in the laundry business. He leaves a successor who will doubtless also succeed, and whose savings will go the same road.

W. JOHNSTONE WALKER is about to erect a large dwelling on the west side of Queen street, McDougall estate. The building will be 34x36 in greatest dimensions, two full stories, with stone foundation. It is on a corner lot and will face to the south and east. Wm. Easton, contractor.

W. R. ALDWELL of the Imperial Bank left on Tuesday's train for Brandon, to take the position of teller in the bank there. Mr. Aldwell was teller of the Edmonton branch from the time of its establishment until his leaving for Brandon. No inconsiderable share of the success of the bank's business here, particularly in the beginning, was due to Mr. Aldwell's always pleasing manner and obliging disposition. He has the best wishes of everyone here for his future success and promotion.

D. R. FRASER returned from Calgary on Monday's train. He did not go to Toronto as intended, having been able to arrange with a member of the firm of John Ingles & Son, Toronto, whom he met in Calgary, for the delivery at Edmonton on May 1st of an eight ton stern wheel steamer, 53 feet long, to draw not more than 26 inches of water loaded, and to steam five miles an hour against a current of four miles an hour. The boat will be shipped to Edmonton in sections and will be put together here.

A. D. OSBORNE returned on Monday's train from a visit to relatives in Lesueur, Minnesota. The occasion of Mr. Osborne's visit was the illness of his youngest brother, who was in practice as a veterinary surgeon at Lesueur for many years. His death occurred just before Mr. Osborne's arrival at Lesueur. Mr. Osborne says that the weather in Southern Minnesota has been unprecedentedly severe this season. When he left the snow was piled four feet deep between the sidewalks and the roadway. The train on which he came west was stuck for 26 hours in snow near Swift Current. East of Medicine Hat the weather had been particularly severe.

AN informal meeting was held on Monday evening to discuss the project of establishing a brewing and malting industry in Edmonton. The following gentlemen were present: Dr. Wilson, W. S. Edmiston, W. Fields, F. Mariaggi, H. Hetu, Jas. Goodridge, P. Daly, D. Ross, Insp. Chalmers, and H. C. Lisle, barrister. Messrs. Wilson, Edmiston and Lisle were appointed a committee to obtain full information as to building and plant, obtaining licenses, selection of site and other information. It was decided to organize a company with 30,000 capital, in shares of \$10 each. Five hundred and fifty shares were subscribed by the gentlemen present.

THE Pullman, Spokane County, Tribune, has a five column interview with J. G. Fitzgerald, immigration agent of the Northwest government, in which the advantages of Alberta, and particularly Northern Alberta, are set forth in good practical style without exaggeration and without unduly running down the country in which he is operating. Mr. Fitzgerald said: "There is no disputing the fact that you have a garden spot here, but the prize of land is beyond the reach of the ordinary farmer. A man may secure a splendid start in Alberta for what he has to pay for a small farm in this section. We have land in portions of Alberta that will in the near future rival the Palouse. There we have an unlimited supply of timber, grass and water." Mr. Fitzgerald is evidently doing good work.

CHAS. MCINNIS, brother of the editor of the Regina Standard, who has been a resident of the state of Washington for a number of years and who visited Edmonton last fall, has a letter in the Regina Leader regarding his trip, in which he alludes to the Edmonton district as follows: "After crossing the Rocky Mountains—going east—we came to Calgary, a town of about 3500 of a population. I will not bother you with a detailed description of the town, as I suppose you are more interested in the resources of the soil. At this place we take the train for Edmonton, a distance of about 200 miles north, on the C. & E. branch of the C. P. R. The soil in the vicinity of Calgary is more adapted to stock raising than farming. As we advance towards Edmonton it becomes better. At Innisfail, which is about half way, and on toward Edmonton, it is of excellent quality. The abundance of luxuriant grass and other vegetation should suffice to convince the most skeptical of its virtue. Here we were shown some wheat, oats, rye, barley and peas, which were pronounced first class by these farmers of the 'famous Palouse.' In fact these men were jubilant over their discovery. They had been led by former experience to suppose that the capabilities of the country were over-estimated by land speculators, as is often the case in the United States."

THE movement from the Palouse country, Washington, which commenced last year, has reached such proportions as to excite the opposition of theland sharks and grabbers of that country, who are now decrying Edmonton in every way possible. The Colfax Commoner gives and the Pullman Herald republishes, a statement said to have been received from a Mr. Nesly who came to Edmonton last summer, who says that "he has had enough of that country to last him a life time and will return to Whitman county, in April. He says the snow is three to ten feet deep. That stock have suffered severely and that thousands of cattle and horses have died. Spring is not expected until May in consequence of which much more stock will die before grass comes." Certainly Edmonton has had enough of Mr. Nesly, if he actually sent the statements published. The snow has never been more than two and a half feet deep on the level since last fall and that depth only lasted a few days. Stock have not suffered severely in this district or at all if properly cared for, nor are they likely to with hay at only \$5 a ton delivered in Edmonton, and car load after car load of baled hay being shipped south to supply the wants of other less favored parts of the country. The best way to judge of the Edmonton country is to come and see it.

JOHN Cameron will begin removing to his new premises next BULLETIN office on Monday.

A. MILNE has sold out his stationery business to Mrs. W. P. Evans, who will carry on the business.

REV. A. McDonald, pastor of the first Baptist church, Edmonton, arrived from Grafton, Dakota, on Monday's train.

MR. and Mrs. Wylie, brother-in-law and sister of Mrs. Piercy, arrived on Monday's train, from Owen Sound. They will return on Tuesday next accompanied by Mrs. Piercy.

THE NEW H. B. STORE.

THE new store which has been just completed for the H. B. Co. by Jas. McDonald, contractor, and which the company are now preparing to occupy, is situated on property comprising lots 162 and 163, block 2 in the H.B. Co's. reserve, and is on the north side of Jasper avenue at the corner of Third street. The building is of frame, with stone foundation. The size of the main building is 60x32 with wing 10x36, giving a total frontage on Jasper avenue of 48 feet. A basement seven feet deep in the clear with solid stone walls underlies the whole building. This basement is divided into two parts. That under the wing being entirely cut off from that under the main building by a solid wall. In the basement under the main building is a hot air furnace having 75 thousand feet of heating surface, and which is so effective in heating that the plastering of the upper story was carried off during the coldest weather without the plaster being frozen in the slightest degree. Besides the furnace are the coal bins, which take coal by a chute from the side walk. The rest of the cellar room, which is floored with plank throughout, is for storage of merchandise. A hoist room in the rear part of the cellar communicates with the two stories above. The ground floor is fitted up in the most modern style for a grocery business on one side and dry goods on the other. Six feet of the front space is occupied by the show windows and ten feet in the rear is taken up by the hoist rooms and stairway. This leaves a show room 41x31 with 14 foot ceiling. There are four counters, two on each side. The grocery side is fitted with tight bins under the counters and shelves and the shelves themselves are adjustable. The shelving on the dry goods side is fitted with moveable supports. An office with grates sides occupies a space eight feet square in the rear centre of the room.

The stairs leading to the upper floor are wide and convenient, though winding. The ceiling of the upper story is 12 feet, and the show room, which occupies the greater part of that floor is 40x30. In this room will be shown boots and shoes, hats and caps, mantles and cloaks, clothing and house furnishings, crockery and glassware etc. The front part is occupied by two rooms 10x15 each, overlooking the street, well lighted, one of which will be occupied as a work room by the dressmaker of establishment and the other as a living room. The hoist and stairway occupy the ten feet of the rear of this floor.

The wing, which is to be used as a liquor store, has no entrance to the main building. It has a seven foot stone basement, the full size, 16x36, which is used as a storeroom and furnace room. The furnace has a heating surface of 40 thousand feet, and assists in heating the main building. The ground floor is fitted up with counter and shelves in good style.

The outside appearance of the building is very good, the only drawback being that ordinary glass, and not plate, is used in the show windows. Altogether the building is creditable to the enterprise of the company, the workmanship of the contractor and the appearance of the town.

EDMONTON ROD AND GUN CLUB.

THE annual meeting of the Edmonton District Rod and Gun club was held at Sheriff's office, on Tuesday evening, 21st instant. Vice President Luke Kelly in the chair. The following officers were elected for the current year: President F. Hardisty; vice president L. Kelly; secretary treasurer E. C. Emery, committee of management Messrs. Martin, Cooper, Dr. McInnis and W. S. Robertson along with the officers of the club. It was decided to abandon the old traps and purchase new traps to throw Blue Rocks. An effort will be made to procure special rates on ammunition to members of the club. There was a good attendance and every effort will be made to increase the prosperity and strength of the club.

A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations "Why you are selling as cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets.

LADIES', MEN'S AND CHILDREN'S DEPARTMENTS
HOUSE FURNISHINGS, &c., &c.

Will be found a splendid assortment of goods which cannot fail to please, and at prices that must draw crowds of purchasers.

WETASKIWIN.

The dispatch that appeared in your last issue concerning the burning of this place of T. B. Henderson's "Railway Store," was erroneous. The facts are that Mr. Henderson in February last placed with the Royal Insurance company \$2,000 on his building and stock. The school was not so fortunate. It occupied the upper or second story of the building, and the school furniture and supplies were an entire loss.

Judging from the number of firms here handling or preparing to handle agricultural machinery and implements it would indicate that at least our merchants expect there will during the coming season be some farming done in this locality. Mr. John West, one of, if not the foremost, merchant here and also the exclusive agent for this place of the great Massey-Harris manufacturing combination, is about to build a large implement warehouse. The indomitable Vic. Anderson of Calgary has a large two story building nearly completed to be used for the same purpose, besides these are McDonald & Ramsay, L. E. Brown and L. B. Hirsch all dealing in this line of goods. This gives the farmers already here as well as those intending coming assurance they need not lack for tools.

It is very gratifying to note the return, after spending the winter in Winnipeg, of J. A. O'Neill Hayes, better known here as "Government Hayes." Since his return I notice he nearly always says "better" instead of "worse," which is a visible token that a person is up with the times.

There is an important sale of business property pending here, the consummation of which I expect to report next week.

March 29th, 1925.

EDWIN.

There is a great big mining and real estate boom in the Kootenay lake region of British Columbia. The Nelson Miner of March 4th, Nelson is the present railway terminus on the lake and chief town in that region—contains advertisements of real estate in the following new towns sites: Duncan city on Upper Kootenay lake, 34 miles from Kaslo; Argenta, at the head of Kootenay lake, 7 miles from Duncan; Lardner, at the head of navigation at the North end of Kootenay lake and the terminus of the government trail to the interior; Trout lake city, at north end of Trout lake in the Lardner country or trail from Lardner city on Arrow lake to Kootenay lake; Lardner, at the head of navigation on the northwest arm of Upper Arrow lake; Watson, the townsite of the Sloan camp. Sloan city, terminal point on Sloan lake. Besides these there are the established towns of Altonworth and Kaslo, also on Kootenay lake.

Regina Leader: "The action of the banks and merchants of Winnipeg in announcing their intention to decline to accept American silver at par has led to the adoption of a resolution by the Regina board of trade by which the same principle will be put in practice here after the first of April next. On that date American silver will depreciate in Regina in a rate varying from 20 to 100 per cent. The scale adopted is: One dollar (silver), eighty cents; fifty cent piece, forty cents; quarter dollar, twenty cents; dime, five cents; and nickel, no value at all."

The MacLeod Gazette declares emphatically that there is no contagious disease amongst the cattle on the Southern ranges. The Bulletin is very glad to believe the statement. While on this subject will the Gazette please explain how Canadian cattle have come to be scheduled in England as being affected by contagious disease? Don't forget that the people of England want cheap beef, and that Canadian cattle were not scheduled without some reason.

Qu'Appelle Progress: "Mr. Dill, M.L.A., of Wolseley, returned home on Tuesday from a trip to the native province, Nova Scotia, whither he had gone in the interests of immigration. Mr. Dill reports most encouraging prospects of a large number of people coming to the Territories from the land down by the sea."

The Lethbridge News mentions that Geo. Young, collector of customs there, is going to Winnipeg, under medical care, and is said to be in a critical condition from suffering of the brain.
